REPORT OF COUNCIL

To the Members, at the Annual General Meeting, Wednesday, February 26th, 1890.

I. SESSION 1888–89.

PUPILS AND FEES.

The entire number of Pupils during this Session was 1580, being a decrease of 51 on that of the preceding Session. Of these 996 were Students in the College, and 584 Pupils in the School. Of the Students, 359 belonged to the Faculty of Medicine, 105 being new Students: in the Faculties of Arts and Laws and of Science there were 637 Students, 333 being new Students. The largest number of Boys in the School in any one Term was 514.

As compared with the preceding Session these figures show an increase of 20 Students in the Faculty of Medicine, and an increase of 19 in the new Students. In the Faculties of Arts and Laws and of Science there was a decrease of 49 Students, and a decrease of 28 in the new Students. There was a decrease of 22 in the number of Pupils in the School.

The Fees received (exclusive of those for Clinical Instruction) amounted to £27,429 4*s.* 6*d.*, being £901 1*s.* 0*d.* less than in the Session 1887–88.

The details for the two Sessions compared were as follows:—

	1888–89.			1887–88.		
	£	*s.*	*d.*	£	*s.*	*d.*
Faculty of Medicine	5,408	11	0	5,047	17	6
Faculties of Arts and Laws and of Science.....	9,461	11	0	10,981	19	0
School	12,559	2	6	12,300	9	0
	£27,429	4	6	£28,330	5	6

In addition to the above-stated amounts, the sum of £1557 13*s.* 6*d.* was received for Clinical Instruction in the Hospital, making a total of £6,966 4*s.* 6*d.* paid by Students of the Faculty of Medicine in the Session.

The total payments to Professors, Teachers, and Masters amounted to £18,500 16*s.* 4*d.*

SCHOOL.

The returns which have been laid before the Council show that the discipline of the School remains in a satisfactory state.

The Juliana de Rothschild Prize of £20 for the candidate from the School who should obtain the highest place in the Honours Division at the June Examination for Matriculation in the University of London, was given originally by Mrs. Isaac Cohen in memory of her daughter, the late Baroness Mayer de Rothschild. Since Mrs. Cohen's death her daughter, Miss Lucy Cohen, has offered to continue giving the Prize from year to year. It was awarded last year to G. Attfield who gained the eleventh place in the Honours Division.

In 1889 30 pupils passed the Matriculation Examination of the University of London, at the June Examination three places in the Honours Division were gained by pupils of the School.

The following Table shows the number of boys in the School in each of the three Terms of the last five Sessions:—

	1st Term.	2nd Term.	3rd Term.	Average for the year.
1884–85.....	561	556	555	557
1885–86.....	546	550	541	546
1886–87.....	507	511	519	512
1887–88.....	505	500	514	506
1888–89.....	513	514	498	508

From the Tables submitted it appears that 27 boys were entered in theBlack Book last Session, the total number of entries being 35.

Four Scholarships, defraying half the cost of admission to the School for three years, will in July be offered for competition among boys between the ages of twelve and fourteen, whether already in the School or not.

II. GENERAL FINANCES.

The surplus of receipts over expenditure for the past Session was £97 9*s.* 3*d.*

There was at the end of the Financial year a debt of £5554 0*s.* 10*d.* on the Building Fund account.

III. THE CURRENT SESSION.

The entries of Students to February 1st, 1890, have been as follows :— in the Faculty of Medicine, 294, of whom 69 are new Students; in the Faculties of Arts and Laws and of Science, 454, of whom 247 are new Students: in the School, in Michaelmas Term, 490, of whom 85 were new pupils; in the present Term, 475, 44 being new pupils.

The College Fees received to February 1st are £4074 in the Faculty of Medicine, and £7710 3*s.* in the Faculties of Arts and Laws and of Science.

DEATHS OF MEMBERS OF THE COLLEGE.

The Rt. Hon. Lord Ashburton.
The Rt. Hon. John Bright.
Mr. Robert Browning.
Rev. W. H. Griffith.
Mr. H. Harrison.
Mr. W. R. Ralston.

PROFESSORSHIPS.

By the resignation of Professor Henry Morley the Chair of English Language and Literature, which he had held for nearly a quarter of a century, became vacant, and Mr. W. P. Ker, M.A., Fellow of All Souls' College, Oxford, has been appointed Quain Professor of English Language and Literature. Professor A. B. W. Kennedy, who had been Professor of Engineering and Mechanical Technology for fifteen years, resigned his Chair, and Mr. T. Hudson Beare, B.Sc., was appointed to succeed him. Professor Charles Graham having resigned

* Obtained the number of marks qualifying for the Medal.

the Chair of Chemical Technology, to which he was appointed in 1878, the Council, acting on the recommendation of the Senate, decided not to appoint a new Professor. They were, however, fortunate enough to obtain the services of Mr. Watson Smith, late of Owens College, Manchester, as Lecturer in Applied Chemistry. Professors Morley, Kennedy, and Graham, have been appointed Emeriti Professors of their respective subjects. Professor Church resigned the Chair of Latin at the end of last session, and at the request of the Council Professor Goodwin undertook the Professorship of Latin in addition to his own. Professor Gowers was unfortunately compelled by ill-health to resign his Physiciancy to the Hospital, and at the same time he resigned his Professorship of Clinical Medicine. Professor Poore has been appointed Professor of Clinical Medicine, and Prof. Scrutton has resigned the Chair of Constitutional History.

THE PROPOSED ALBERT UNIVERSITY FOR LONDON.

The Royal Commission on a University for London have issued a Principal Report, signed by six Commissioners, in which, favourable to the contention of University College and King's College that there should be a Teaching University for London—the case for which, they report, is made out—they have preferred to advise that the existing University should have an opportunity of applying for a Charter reconstituting the University for the purpose rather than recommend the Crown to grant the Petition of the two Colleges. In case, however, the University of London does not take steps to procure a revision of its Charter in accordance with the suggestions made by the Commissioners, the Report recommends that the whole question be referred back to them for further consideration.

There is a second Report, signed by three of the Commissioners, expressive of their doubt whether this reconstitution be possible.

The Council of the College, acting in conjunction with King's College, have lately accepted an invitation from the Senate of the University of London to confer with them on the question of the reconstitution of the University.

BUILDING DEBT.

The debt has been increased by £1361 1*s.* 1*d.*, the cost of the additions to the Anatomical Department; against this is to be taken the application of £906 10*s.* from the Goldsmid Fund. The Council desire to remind the Members of the College that the sum of £5554 is still owing in respect of the North Wing, and that there is consequently a heavy annual charge for interest on, and repayment of that debt.

The Council have to thank Miss Sharpe for a further contribution of £50, and James Anstie, Esq., Q.C., for a donation of £3 3*s.* towards the reduction of the debt.

QUAIN BEQUEST.

The Quain Trust Deed having been approved by the Trustees, was duly executed, and the funds of which the income is applicable to College purposes were transferred to the College in May last.

Professors Foster and Ker have been appointed Quain Professors of Physics and English respectively, and Dr. F. W. Oliver has been appointed Quain Lecturer on Botany.

TUKE MEMORIAL FUND.

This Fund has been increased by a further donation of £25 from Dr. Hack Tuke, in order to provide an additional Medal in the class of Pathology.

UNIVERSITY HALL.

The Council report with regret that in consequence of the sale of University Hall to the Trustees of Dr. Williams's Library, there is not at present a Hall of Residence for men Students coming from a distance. When the Hall was in the market the Council, acting under professional advice, made a very considerable bid for it, but without success. Having failed to get the Hall the Council made investigations in the neighbourhood of the College, with a view to obtaining by purchase or on lease a house or houses which they might establish as a Hall of Residence. They were, however, unable to obtain suitable accommodation. A list of persons approved by the Council who are willing to take Students as boarders is kept in the Office.

PARLIAMENTARY GRANT.

The Council have great pleasure in announcing that Her Majesty's Government have procured the vote by Parliament of a sum of money to University Colleges in Gt. Britain. The share of this College in the Grant is £1700. Part of this Grant has been received, and will appear in next year's accounts. The Council are considering what application of the Grant will be most advantageous to the work of the College.

SCHOOL FOR MODERN ORIENTAL STUDIES.

The Governing Body of the Imperial Institute having considered it advisable to establish a School for Modern Oriental Studies, the Councils of University College and King's College approached the Imperial Institute on the subject and reminded the Council that an Oriental Section had existed for some years at both the Colleges, in which instruction was given in several Oriental languages. The Governing Body of the Institute accordingly proposed "to consolidate the work now being performed, and to bring it into harmonious working with a scheme for affording practical instruction in other important Oriental languages," and to this proposal the two Colleges consented.

The result was the "School for Modern Oriental Studies Established by the Imperial Institute in Union with University College and King's College." The management of the School has been placed in the hands of a Special Committee on which University College has two representatives. The Professors of the "Indian School" in the College are Professors in the new School.

SCHOOL PRIZES.

The Council have to thank Mr. Thomas Savage (a Life Governor of the College) and Mrs. Savage for a donation of £150, to be devoted to the establishment of prizes in the School for the encouragement of Natural or Physical Science, and to be called the "James Savage Prizes" in memory of their son, a former scholar of the School.

The Council have also received the sum of £100, a bequest of Mr. Frederic Hyman Lewis, who left it upon trust to be invested, and the annual interest to be expended at the discretion of the Head Master of University College School in such prizes as he may think fit.

PHYSICAL LABORATORY.

It will be within the recollection of members of the College that in last year's Report the Council drew attention to the urgent need of improved accommodation for the practical teaching of Physics, and referred to the issue of a circular making appeal for funds wherewith to build a Physical Laboratory and to make further provision for the department of Electrical Technology.

The Council report with great regret that the response to their appeal has not during the last year been satisfactory. But feeling still that "it is impossible for University College to retain its position among teaching bodies without providing proper means and appliances for the Study of Physics" (see last year's Report), they have decided to provide proper accommodation, by incurring further debt if necessary. They trust, however, that they may yet rceceive considerable assistance towards carrying out this work, and they appeal to all Members of the College to aid them to the utmost of their power by personal subscription or by obtaining contributions from others.

PEEL MEMORIAL FUND.

The income of this Fund in 1889 was expended in the purchase of books, &c., presented to the Scarboro' Mechanics' Institution, the Mechanics' Institution, Grimsby, the Working Men's College, Boston, and the Working Men's College, Newburn-on-Tyne.

LIBRARY.

A Supplement to the Library Catalogue is in the press, and has been set up in type as far as the letter G. It contains the Barlow Dante, Grant Literary, Quain Law, Fine Art, and Chemical Library Catalogues, as well as other additions acquired during the last ten years.

A list of additions during 1888 has also been printed, and a list for 1889 will shortly be issued.

The Council has to thank the Trustees of University Hall for a valuable gift of 140 volumes, in various classes of literature, from the Library of the Hall; for another gift of selected works bearing on Classical study they are indebted to the late Mr. C. P. Mason; the Royal Society, Mrs. Paton and Mr. Brittain Jones have also contributed large and important sets of works.

Other donations to the Library are as follows:—

HOSPITAL.

The Committee again take this opportuuity of reminding the friends and supporters of the Charity, that the re-building of the Hospital upon a more modern plan as soon as possible is an urgent necessity.

Thanks to a recent Bequest, the amounts received, and promised, for this purpose will probably shortly amount to £11,500, and the Committee are most anxious to bring up the amount of the "Re-building Fund" to £30,000, in order that building operations may be commenced.

The "Wakley" Convalescent Home continues to do very useful

work, as 95 patients were sent to the Home from this Hospital during the past year. Nine beds are now in full working order at the Home, and the Committee trust that additional funds will be forthcoming to meet the increased expenditure incurred by the addition of three beds in the past year.

In connection with the Medical and Surgical Staff, Dr. J. Rose Bradford has been appointed an Assistant Physician, and Dr. Cyril Jecks, Resident Medical Officer, vice Dr. C. J. Arkle, whose term of office had expired.

Eight beds and two cots are now endowed and named, and the Committee venture to call special attention to this excellent method of perpetuating the memory of relatives and friends and of adding to the permanent income of the Charity. The income of £2,000 is considered sufficient for the support of a bed or cot; but the Committee will gratefully receive the endowment by instalments until the full amount has been reached.

A Festival Dinner in aid of the Funds will be held at the Hotel Metropole on the 25th February, under the presidency of the Lord Mayor.

The debt at the close of 1889 exceeded £9,000, and the Committee therefore earnestly appeal for additional Subscriptions and Donations.

Return of Services of the Members of Council from February 1, 1889, to January 31, 1890.
